SITE PLANNING TEAM

HUTTO DISCOVERY UNITED METHODIST CHURCH

# Why do we have a Site Planning Team?

---

To provide a road map of improvements to accommodate and encourage Hutto Discovery UMC's growth plans and make the best use of its 10 acre site.

# How did we get here?

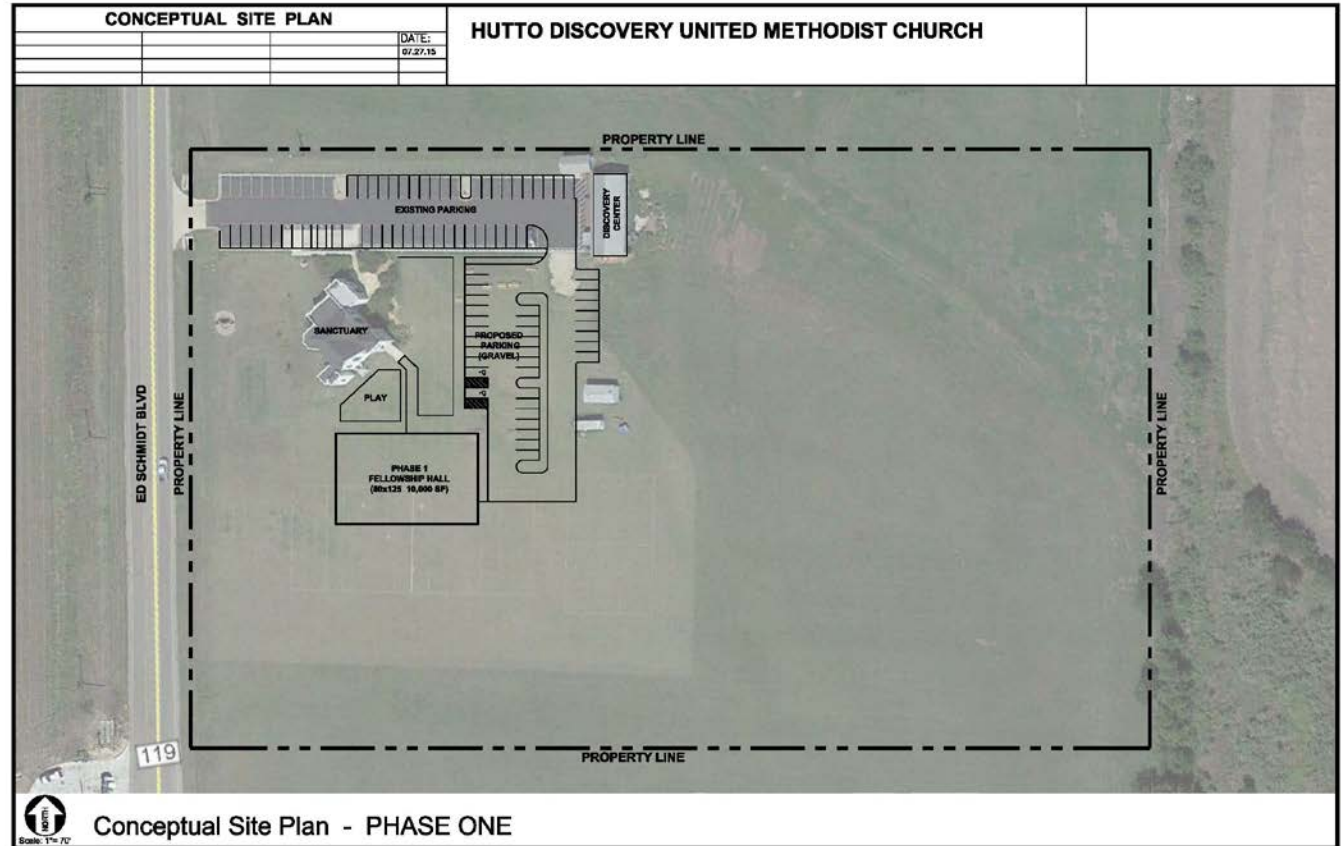

---

Based on feedback from you and meetings with Healthy Church Initiative, the Site Planning Team sought to provide a nursery closer to services, additional classrooms and meeting spaces, a children's playground, an expanded worship center, and a family life center to foster flexibility, growth and a sense of community.

Addressed the needs of our community, including a population growth of unchurched families with young children and youth.

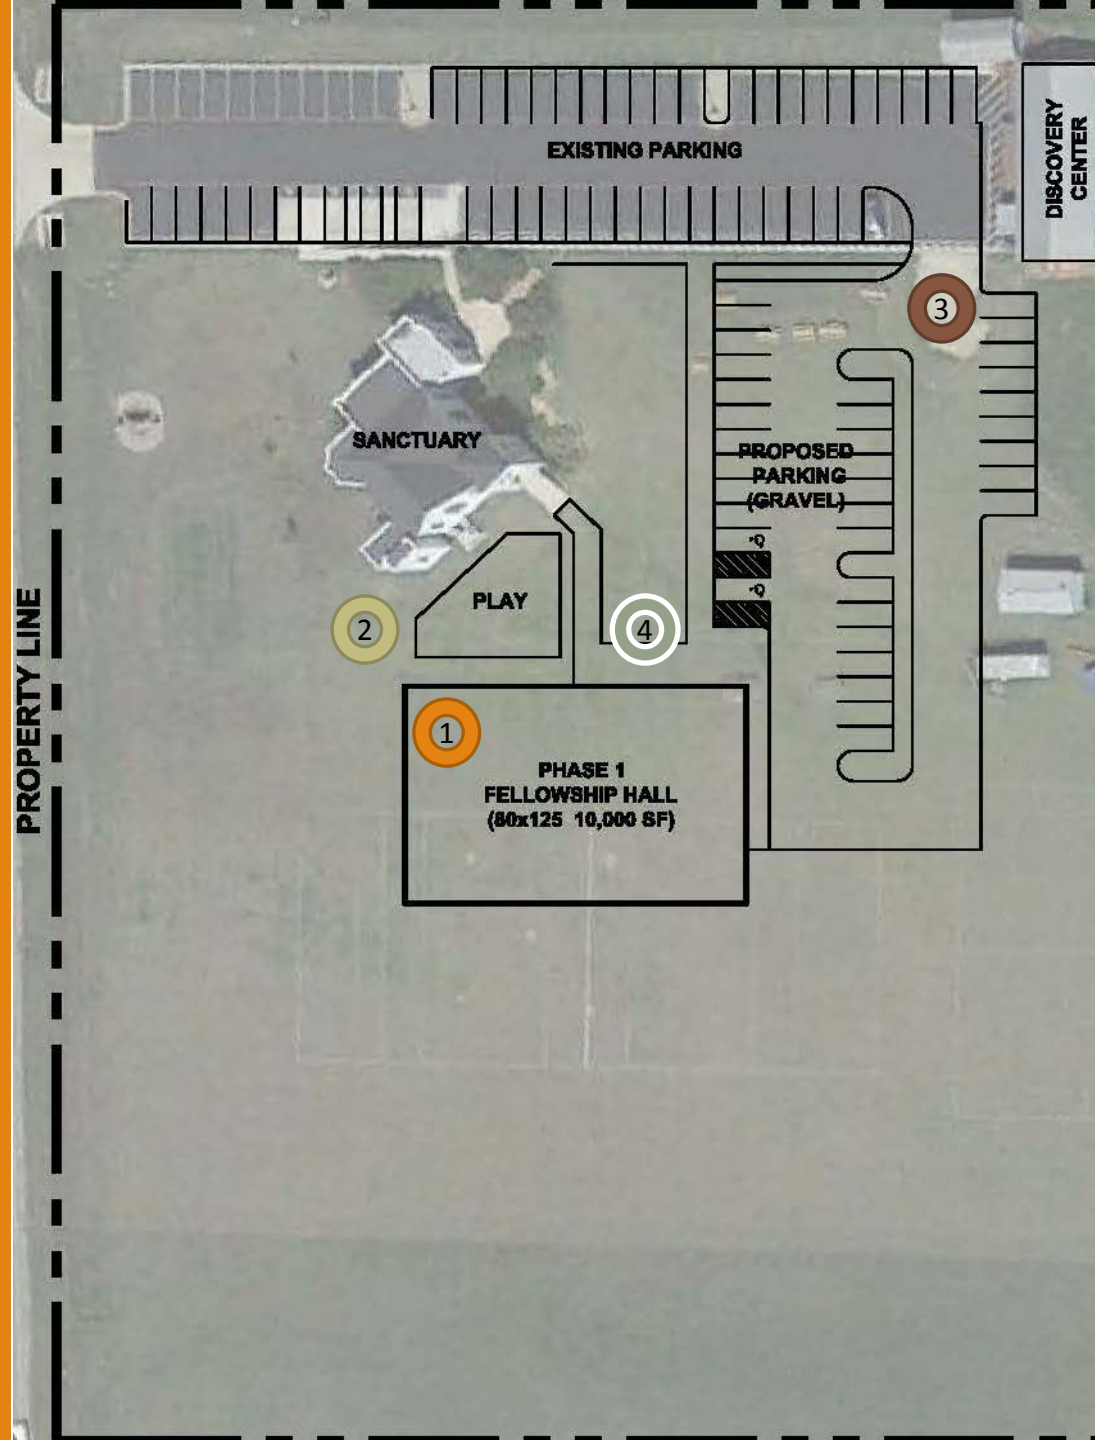

Addressed the current state of our campus and determined ways to improve areas where it is lacking.

# Next Steps: Study Committee

---

As provided in the Book of Discipline, a Study Committee has been formed to collect information to see if the church needs a new building. Members will begin their work today to analyze the needs of the church and community, project potential membership, write up church's program of ministry, and develop an accessibility plan.

## **Study Committee Members include:**

Erin Leshikar

Janice Hester

Micah Grau

Michel Hudson

Patrick Kirkland
